TRIBESMEN FLEE BEFORE ONSLAUGHT OF SPANISH ARMY

TERRIFIC SHELLFIRE TEARS UP RANKS OF MOORS:

YANKS WILL AID World War Aviators Offer Services to Alfonso in Africa.

[By Associated Press.] Madrid.—Moors fled precipitately from their positions near Melilla when Spanish forces there began their offensive Monday, said an official statement issued here Tuesday morning.

The Moors were disconcerted by the Spanish maneuvers and the terrific shell fire poured upon them and abandoned foodstuffs and everything belonging to them in their flight. The Spanish found a number of dead Moors when they advanced.

Prominent aviators conferred Monday with King Alfonso relative to the formation of an aviation squadron composed of foreign pilots, who have offered their services to Spain. American fliers who fought in France and several British, French and German airmen have volunteered.

200 SAIL FROM NEW YORK TO BATTLE MOORS

New York.—Commanded by a veteran of three wars who won his way from buck private to the rank of major, while serving with the Canadian army in France, 200 men left here Tuesday for Spanish Morocco.

Recruited in the United States, Canada, Cuba, Mexico, Porto Rico and Venezuela, the foreign legion made up of men who speak a half dozen languages, but the majority have records of service in the World War.

Captain Donald MacGregor is the officer in command. Born in India, he became a lieutenant in the royal Indian army. In the South African campaign, he was a captain and when the World War broke out he enlisted in Canada, as a private, but came back with the rank of temporary major and several decorations.

The men were recruited through Spanish consulates. Each member of the expedition is guaranteed a pay of approximately 50 cents a day—more than twice as much as the Spanish soldier receives.

Charges Vets Bureau Driven by Politics

Columbus, O.—Charges that Dr. Emerson, medical adviser of the Veterans bureau at Washington, that the bureau is dominated by politics, made Monday night in an address before the Mississippi Valley Conference on Tuberculosis, probably will not bring forth action on the part of the conference, leaders said Tuesday.

Dr. Emerson, who Monday announced his resignation as medical adviser of the bureau, effective Sept. 15, said politics is interfering with the workings of the bureau for the care of tubercular soldiers.

"Backsmen and politicians," he declared, "are taking the place of medical men."

Allies Demand Turks Give up Revolutionists

Constantinople.—Allied authorities here have invited the Turkish government to surrender the men involved in the revolutionary plot discovered here Monday.

These persons must be turned over to the allies within a week or the government will be held responsible. The conspirators will be tried by an allied court martial.

General headquarters is under heavy guard by the British troops. Headquarters have raided premises of various nationalist organizations. The guns of British warships anchored in the Bosphorus have been directed against Istanbul, the Asiatic section of the city. British troops are proceeding to disarm the population.

SCHOOL BOARD TO ASK FOR \$70,000 TO COMPLETE YEAR

NEEDED FOR SALARIES AND EXPENSES FOR FOUR MONTHS.

BUDGET APPROVED \$70,000 Bond Issue Is Proposed to Finish New High School.

Approval of the \$216,293 budget for the running expenses of the city schools for 1922 passages of a resolution introduced by Francis Grant that the city council be asked to provide sufficient funds for the current expenses of the board of education to the amount of \$22,000 at present and putting in motion immediately for the issuance of \$70,000 worth of bonds to complete the new high school was the principal business transacted by the board of education Monday night at its monthly meeting. Every member was present.

There are only two minor changes in the budget made but which do not change the total amount. The amount for fuel was reduced from \$10,000 to \$9,000 and transportation charges for kindergarten children raised from \$1,300 to \$1,700. The budget as recommended to the council for passage was signed by the president and clerk and forwarded to the mayor. It provides for \$198,155 to be raised in the tax levy, the balance needed coming from other sources.

With only \$5,742.22 in the treasury, the commissioners took up the problem of securing approximately \$70,000 to pay the expenses of the schools until Jan. 1, 1922. After September bills of \$3,344.26 are paid, a balance of \$1,049.96 will be left in the treasury. Teachers' salaries for October cannot be paid unless money is raised. The matter will be presented to the council at its next meeting by Continued on page 2.

TEXAS DEATH LIST REACHES 200 MARK

Mexican Victims Numerous in Flood as Bodies Are Recovered.

Dallas, Tex.—Overnight newspaper reports from portions of Central Texas, flooded as the result of torrential rains last Friday and Saturday, brought the unofficial list of deaths to almost 200. The bodies recovered from the flooded area still was more or less demoralized Tuesday, but with the high waters in the Colorado, Brazos, San Gabriel and other streams rapidly receding, normal conditions were in prospect.

Most serious loss of life occurred in San Gabriel river bottoms, according to Monday night's developments. More than 100 bodies have been recovered in these two counties, reports said. Property damage there was said to be large.

In addition to San Antonio, where the list stood at 49 on night, reports showed the following: Thorndale, 23 Mexicans drowned; Lampas, 23 Mexicans; San Gabriel, 10 bodies, including six Mexicans; Allamore, 10 bodies; and other places. Five Mexicans; Taylor and immediate vicinity, six persons drowned; Lawrence Creek, three; Todville, two; between Gause and Valley Junction, in Brazos bottoms, 20.

MANY DODGE JURY TO TRY O'CONNOR

[By Associated Press.] Chicago.—The task of securing a jury to try Thomas (Tommy) O'Connor for the murder of a Chicago detective apparently was to be a hard one. Three veniremen were tentatively accepted Monday, but more than a score were excused after they admitted they had formed opinions or were opposed to capital punishment. It was announced that two former detectives, who were present when O'Connor is alleged to have committed the murder, are in the city and ready to testify.

BEGGAR, DEAD IN DREARY ATTIC, IS FOUND TO BE RICH

Chicago.—"French Sal," 84, who died Monday in a dreary little attic room, was found Tuesday to have \$100,000 in stocks hidden in her room. For years she begged from the well to do near her home and dispensed philanthropy to the poor. Her identity is not known.

"Old Man" Church Talks About His Boy

Chicago.—"Old Man" Church, as he is sympathetically called by Police-man Steve O'Meara, who was assigned to guard him, walked to the state's attorney's office Monday morning after a hearty breakfast. He was in fairly good spirits.

Ten minutes after he had entered, the tears were running down his face and he was sobbing. He said that he had been a truthful boy. But I can't say what made him kill them. He must have been out of his mind.

"My mother and I did our best, but we couldn't save him from Sunday school. We sent him to Sunday school.

Actress Changes Her Story of Death to the Grand Jury

[By Associated Press.] San Francisco.—The San Francisco county grand jury adjourned at 1:10 a. m. Tuesday without concluding examination of the testimony on which the district attorney's office is seeking an indictment charging Roscoe (Fatty) Arbuckle, motion picture star, with the murder of Virginia Rappe, an actress.

The investigation will be resumed at a date convenient to District Attorney Brady, it was announced.

Arbuckle was brought before the grand jury Tuesday morning, but remained only three minutes. Other witnesses who appeared before the grand jury were Mrs. E. M. Delmont, friend of Miss Rappe, and Sam Schacher, who delivered in a little red wagon the washing done for other families by his mother, Mrs. Mary Gordon Arbuckle, who died here when the future film comedian was 10 years old.

Other reminiscences of Arbuckle included his desire for a stage career and his work as a supernumerary with traveling theatrical companies for 30 cents a night.

Mrs. Delmont testified in detail in the grand jury session regarding the night of the party in which Miss Rappe is alleged to have received her fatal hurt. She said she recalled her fall from the balcony, and finally compelled Arbuckle to open it. She told of having attended the stricken girl and of the girl's removal to the Wakefield sanitarium from the hotel.

Expect Daily Reply Text Wednesday

[By Associated Press.] Dublin.—The reply of the Daily Freeman to the proposal of Premier Lloyd George for a conference at Inverness, Sept. 20, on the question of an Irish settlement may be given out Tuesday night, it was said here Tuesday afternoon, but it was held more probable that the publication would be deferred until mid-day Wednesday. Arrangements for Wednesday's meeting of the Daily, called last week after Sir Lloyd George's letter word received, have been completed. There was no session Tuesday forenoon.

STUDENT OFFERS TO SELL SELF FOR SUM TO COMPLETE COURSE

[By Associated Press.] Chicago.—Syd Carsten, a student at the University of Illinois, Tuesday offered to sell himself for one year for \$1,000 to anyone who advanced him the money to complete his college course. He said he would sell his services for any purpose and would try to do anything that was offered.

The cause of the unusual delay was then announced as due to the fact that his fingerprints and Bertillon measurements by the police had not yet been taken.

NEW STATEMENT BLAMES CHURCH FOR ACTUAL KILLING.

MOTIVE BARED Planned to Steal and Sell Car and Divide Proceeds, Says Accomplice.

[By Associated Press.] Chicago.—After first refusing to sign an alleged confession implicating himself with Harvey W. Church in the handcuff slaying of two automobile salesmen, Leon Parks, a garage employee, finally signed the 40 page transcript telling the story of the part he played in the slayings Tuesday.

Parks at first declined to sign the statement, because he said he had been beaten and forced into making the admissions.

Meanwhile raiding parties of detectives were turned loose on a manhunt for Clarence "Bud" Wilder, named by Church in his confession in the slaying of Bernard J. Daugherty and Carl A. Ausmus, as the man responsible for the murder of the two bodies.

Doubt Wilder Caught. Authorities expressed some doubt Tuesday that the men whom they have in custody include Wilder. The names of Joseph Spauls and Charles Robinson were given as those of two suspects held and police were still searching for others whom they believe may be implicated.

PLAYGROUNDS, BIG SUMMER FEATURE

35,000 Persons Used the Beaches and Grounds in the Season.

Residents of Janesville used the playgrounds and beaches 35,000 times during the season which included July and August according to the report made by Mrs. D. W. Holmes, chairman of the playground board of education Monday night. Attendance at the playgrounds in July was 9,411 and August 9,727, making a total of 19,138. The attendance at the beaches in July was 5,000 and in August 12,998. Official figures show that 12,998 attended the beaches in July and only 5,744 in August, making a total of 18,742.

Speaking of the playground work and the successful season, Supt. F. O. Holt paid tribute to the work of Mrs. D. W. Holmes whose efforts in the playground work were certainly largely instrumental in making the year so successful.

Expenses of the playgrounds during the season totaled \$3,192.23, less a balance of \$2,671.91 from the appropriation of \$2,500 for this work. Director Lamoreaux in his annual report recommends that a supervisor be employed for full time supervision of the playground work on the Prairie avenue property owned by the school board be constructed for the use of the people living in the Adams school district. The present facilities be torn down and lighter and safer ones be installed and that some equipment be repaired and some replaced.

A feature of the playground work this year was the introduction of physical efficiency tests of the national playground association. These tests consisted of track, field and gymnastic events, that aim at the all around development of the child. One girl and 15 boys passed these tests and received the efficiency medal. This is quite a record considering the conditions of the tests were not received until late in the season.

U. S. Commerce Boosted by New Mail Regulation

[BY ASSOCIATED PRESS.]
Business Affairs.—Shipment of merchandise packages weighing up to 25 pounds will be possible under a parcel post convention adopted Monday in session here. Such shipments would be provided for between the United States and the countries of the world through the regular mail routes, that payment of from 20 to 40 cents United States postage would be made by the sender of the package. The rate of destination, on packages weighing from 11 to 25 pounds, and an agreement on the part of the countries of destination not to make more than a single local charge not exceeding 10 cents. Adoption of this convention completed one of the most important tasks of the congress.

The United States delegates, O. K. Davis and Edwin Smith, declare the shipment of parcels from the United States by this agreement will be greatly facilitated and made more satisfactory.

The principal desire of the American delegates was to obtain recognition from Latin-American countries establishing the principle that a person receiving a parcel should not be expected to pay more than one moderate charge on delivery. The effect of this was clearly brought out in the case of Argentina, where numerous charges have been made in the past, in many cases totaling more than the value of the goods received.

One case cited was a package mailed from the United States containing a radio worth 10 cents. They find the cost of the address more than \$5 as a result of various charges. Under the new convention these charges would be replaced by a single charge of 10 cents, making it possible for Americans to carry on business through the mails.

TOWN OFFICIALS MUST KEEP UP THE HIGHWAYS

Town officials who fail to maintain public highways or bridges in the town in suitable condition for traveling may be proceeded against criminally under the new law. In a letter to Senator J. Henry Bennett, Virgo, Assistant Attorney General E. B. Brossard hands down that opinion.

Brossard further says: "It is my opinion that refusal or willful neglect on the part of the supervisors of a town to appoint a superintendent of highways constitutes malfeasance in office."

Senator Bennett declared that several town boards in Vernon county had been criminally fined to take care of highways which had been in need of repair for years.

Cap and Gown Newsie Malmed by Assault

[BY ASSOCIATED PRESS.]
Lewistown, Me.—Armand T. Gaudreau who was arrested Monday night recently by selling newspapers while wearing his college cap and gown, is at the home of his parents here recovering from an assault which he says was committed on Boston Common. He is partly deaf and blind as a result.

Gaudreau graduated from the University of Maine last June. Unable to find work, he put on his cap and gown and peddled papers in Boston streets. His plight attracted attention and he gained a job. About two weeks ago, he says, he started alone across Boston Common late at night. Four days later he regained consciousness in a Boston hospital.

Gaudreau says he was told that he had been found unconscious on the common, apparently having been struck on the head. He had been robbed of what little money he carried.

Nearah to Entertain Boy Scout Executives

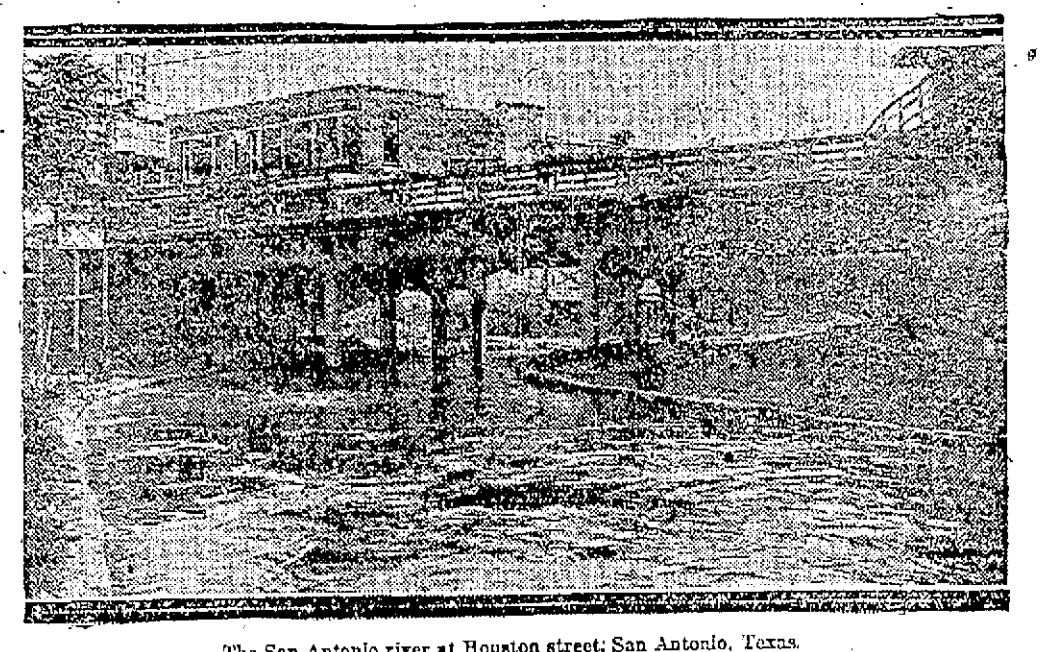

[BY ASSOCIATED PRESS.]
Nearah.—The Nearah Civic association on Tuesday sent a formal invitation to W. H. Kippinger, Chicago, in charge of the Wisconsin and Northern Illinois Boy Scout district, inviting the 50 or more scout executives to meet in convention in Nearah and Menasha, Oct. 28 and 29.

This action followed the receipt of a letter by Boy Scout Executive Conkey from W. H. Kippinger, in which the latter said the Twin Cities would be selected for the year's convention. An elaborate plan for entertaining the delegates is under way.

Thieves Caught in Battle in Sewers

Texas River, Which "Ran Wild"

The San Antonio river at Houston street, San Antonio, Texas.

When this river overflowed its banks last week some of persons in San Antonio lost their lives and millions of dollars worth of property was destroyed. The river winds its way through the heart of San Antonio. In many places its banks even in normal times rise only a few inches above the water, as the photo shows. The picture, taken in the business district, shows some of the buildings that were badly damaged by the flood. The river is now reported normal again.

FINANCE CAMPAIGN AT Y. M. PLANNED

Directors, in Monthly Session, Hear Reports of Summer Work.

Plans for the annual financial campaign were discussed Monday afternoon by the board of directors of the Janesville Y. M. C. A. in monthly session at the Y. building.

The board of directors will meet Thursday with representatives of the Chamber of Commerce, Kiwanis and Rotary clubs to formulate plans for carrying on the campaign. The objects of the work in the physical, boys' and commercial departments were heard and met with approval. Chief among the work to be done in the physical department is the building of a river swim and tennis tournament; securing jobs for 24 men and effecting the large attendance at summer camps. Plans for the boys' department include a smaller number of boys who attended Phantom Lake Y. M. C. A. camp during the regular period, more boys attending summer camps, including Manitowish, in three different periods, and Manitowish, than last year.

SCHOOL BOARD WILL ASK FOR \$20,000

Recruiting Officers GET GOOD CONDUCT PIN

Chief Gunners Mate E. C. Priest, U. S. N., in charge of recruiting Janesville, was awarded a good conduct pin for his good record in the past four years. He is serving his third term in the navy. He received a good conduct medal in the second term and a good conduct pin will be attached. Each good conduct pin received gives the recipient an increase in pay. Priest will retire in another year.

German Ship, Idle 7 Years, to Sail

Tampico, Mexico.—The German ship "Tampico" which has lain idle in Tampico harbor since its internment in 1914, has received orders to clear for Hamburg, stopping at New Orleans for a cargo. The vessel was ordered to leave here on Monday carrying arms and ammunition for the Mexican administration and was interned by President Carranza. When the United States entered the war it became necessary for the ship to get out of the Gulf of Mexico.

National Advertisers to Meet in South Bend

South Bend, Ind.—A meeting of central west national advertisers will be held in the Tribune auditorium in this city Sept. 20.

It will be one of a series being held over the country by the bureau of advertising of the American Newspaper Publishers' Association of New York. The speaker will be E. C. Davis, of Chicago, western manager of the bureau, whose subject will be "1921 and Newspaper Advertising."

PUPILS ENROLLED FOR SPECIAL TRAINING IN WEBSTER SCHOOL

Fifteen pupils under 12 years of age are now enrolled in the opportunity room established last year in the Webster school for the children of these ages who require special training. Supt. Holt speaking with enthusiasm about the work at the board meeting Monday night said:

"The children are happy and making great progress. The parents have co-operated with us heartily and it is for the best interests of the children and others in the schools. Transportation has been provided for them as they live in the outskirts of the city."

Supt. Holt stated that there was a need of another room to take care of the children over the 12 years age who require special training.

MILK COMPANIES IN CHICAGO GIVEN PRICE ULTIMATUM

Either 10 per cent milk in Chicago and district or the milk producers in Wisconsin and Illinois will start retail distribution through the Chicago marketing company.

This announcement was made by R. J. Poole, Chicago's H. C. of L. export, during a Chicago city council meeting. For some reason Commissioner Poole has changed his tone of public talk about the marketing company for two weeks ago he was demanding its officers be indicted.

"A reasonable time," Poole is quoted as having advised the Chicago aldermen living costs committee, will be allowed for the big Chicago distributors to reduce their price before the farmers go to the expense of organizing a concern.

Return to the old system of making wholesale milk prices every three months was advocated. The present system was declared to "keep the producer up in the air" as to the milk market and his profits.

"The proposition is not a bluff. I am positive that unless the distributors cut their prices to 10-cents the farmers will enter the retail market," he stated.

Sell Bonds Later

Under the law the school board must have the money provided for before contracting any debts. It will not be necessary to dispose of the bonds for another year but according to the law the council must provide for them now before the contract for additional work is let. At the time the contract was given to J. P. Cullen & Son for the new high school building when it was set that \$50,000 would not complete it, the council went on record as willing to see that the money was forthcoming. Any further amount necessary would be placed in next year's taxes.

To Select Brick

Members of the board together with Supt. F. O. Holt and Inspector Craig will go on an auto tour Friday to visit high schools at Beloit, Watonsville and Milwaukee relative to selecting the color of brick and mortar to be used in the new high school.

The question of brick is still unsettled and is growing imminent. As the brick is the dress of the building, it is vitally important that we have something satisfactory all around. By going to Watonsville, Milwaukee and Beloit we may visit all the buildings which are built with brick which we might select for the new high school.

The commissioners will also pay attention to the hardware used and the equipment. It is necessary to select the hardware which includes locks, door knobs and window casings as it is sometimes takes a year before orders are filled.

Order 6-Inch Main

Water facilities at the new high school site are not sufficient to supply the amount of water needed in pouring concrete. A motion was passed that a six inch main be run inside the foundation from the curb, the city to do the work at cost.

Complaint of Arthur M. Fisher that the noise of the tector boards at the Washington school disturbed the peace of mind of the residents of that section was ordered remedied. The boards which held the tectors locked are warped which allows a play of several inches, making a loud noise when the children jump upon them.

PUPILS ENROLLED FOR SPECIAL TRAINING IN WEBSTER SCHOOL

Fifteen pupils under 12 years of age are now enrolled in the opportunity room established last year in the Webster school for the children of these ages who require special training. Supt. Holt speaking with enthusiasm about the work at the board meeting Monday night said:

"The children are happy and making great progress. The parents have co-operated with us heartily and it is for the best interests of the children and others in the schools. Transportation has been provided for them as they live in the outskirts of the city."

Supt. Holt stated that there was a need of another room to take care of the children over the 12 years age who require special training.

WOMEN TO SERVE ON CIRCUIT JURIES

30 Names on List of 250 Prepared for Circuit Court.

Thirty women will be placed on the list to serve during the two coming terms, it was announced Tuesday after the jury commission had completed preliminary work of selection of the list. The selection of women for jury duty was created by Judge George Grimm, one of the sponsors of the legislative changes which permit women to serve as jurors in the circuit court.

The women will be about one out of eight, and women will be excused on their request without the court exercising its right to consider a valid excuse.

Try Out Plan.
"The placing of 30 women on the list will enable us to determine how such a practice works out," said Jesse Earl, clerk of court. "It is entirely up to the women themselves whether they wish to take advantage of the new law which grants them the same privileges as men in trying court cases."

The 250 names will be drawn during this month and out of this number 36 will be selected for the October term of court, which this year was continued until November 14. It is a gamble how many women will be on the venire list, the names being drawn from the revolving box by chance.

Favored by Lawyers.
Janesville attorneys favor the idea and the experiment on women jurors has long been considered here. Judge Grimm is a firm believer in the claim women would be superior to men in trying the average court case. Some changes in the court house will be necessary when women serve on a jury with men.

"I do not believe in requiring a woman to serve and I would exempt her from jury duty if possible," said Judge Grimm. "They will be given every courtesy reasonable and consistent to the conducting of a court trial."

Meanwhile there is considerable speculation on the names of the women to be drawn and placed on the list.

Value of Sport News Discussed at Press Meet

(By Associated Press.)
Milwaukee—According to O. J. Hardy, publisher of the Oshkosh Northwestern, president of the Wisconsin Daily League, composed of 23 newspapers, the value of sport news is considerable recent agitation over the relative value of sport news as compared with other news. The question whether baseball, boxing, golf and tennis are worth the amount of space they now being given in the annual meeting Tuesday afternoon.

"All prospects for the newspaper business are exceedingly bright," Mr. Hardy told the conference. "We are emerging from a period of serious business depression, due to reconstruction."

"Advertising rates cannot be lowered at present for any time are now higher than they were during the war," he declared.

Harry H. Ellis, Janesville Gazette, secretary and treasurer, said the old time press agent known as the "fixer" has been replaced by the "fixer" of the modern press agent.

"The Love-Matchey match, which was won by Lowe, 6-3, 11-6, 6-4, was an endurance test between two exceptionally evenly matched players."

NOTED CHURCHMAN SUFFERS STROKE; IS UNCONSCIOUS

St. Louis, Mo., Sept. 12.—The Right Rev. Thomas O'Connell, 78, Catholic archbishop of the eastern district of South Dakota, Tuesday suffered a stroke of paralysis and at present was in an unconscious condition. For many years he has been one of the most prominent churchmen of the northwest.

ENDEAVOR SOCIETY ELECTS OFFICERS

The Chicago-based Endeavor society of the United States, which met in session Sunday afternoon, elected the following officers: president, Edward W. Wain; vice president, Miss Ella McDaniel; secretary, Harriet G. Langham; treasurer, Harvey G. Langham; pianist, Bertha Claxton; chorister, Margaret Hoort; junior superintendent, Elmer Fisher; and society superintendent, Arthur Schultz.

"Village" of 40,000 May Cease to Exist

Detroit—Hamtramck, a Detroit suburb with a population of approximately 45,000, may lose the distinction of being the largest village in the United States. The voters on Oct. 10 are to decide whether it is to be re-incorporated as a city. Hamtramck would lose its village status as a result of the motor industry, several automobile plants being located there. Annexation to the city of Detroit has been rejected several times.

SHOE SHINES BACK TO 10 CENTS AGAIN

Shoe shines in Janesville Tuesday went back to the price they were at more than a year and a half ago when they were cut from 15 to 10 cents. The price was raised by the proprietors of five shoe shining parlors of the city. The patron will save a nickel if he has his shoes shined during the week on Friday and Saturday and the bootblacks will charge 15 cents for their services. Other days they will be 10 cents.

PERJURY CHARGE IN ARBUCKLE CASE

(Continued from Page 1.)

Pyrvon refused to sign a statement that Miss Rappé had told him this and later, it was said, she denied that she had ever made the assertion concerning Miss Rappé. Brady said:

"District Attorney Brady, also charged in this statement that Miss Alice Blake, another prosecution witness, was 'under influence.'"

District Attorney Brady's statement follows:

"We have sent Miss Pyrvon home under surveillance. The girl changed her story completely before the grand jury. Whether or not we shall arrest her will depend on further developments. I am convinced, however, that perjury has been committed by her."

"I am convinced that undue influence and pressure of a sinister character has been brought to bear on her and other witnesses, one of whom, Alice Blake, has mysteriously disappeared from her home in Berkeley. We have been unable to find her."

"Easy to Convince Poor." "Whenever wealth and influence are brought to the bar to assist every sinister and corrupt practice in an effort to free the accused, it is always easy to convince a poor man. The wealthy manipulators are the ones who will depend on using their wealth to their advantage. Wealth and influence had not counted in favor of defendant, neither should they count against him. This case should be handled just as the cases of the other gangsters are handled. The Pyrvon woman made a statement in the presence of Captain of Detectives Matheson, Assistant District Attorney Milton Uren and George Duffy. She repeated this statement time and again. She was alone before the grand jury, she changed her testimony."

Actor Keeps Silence.
Arbuckle, the last witness summoned by the grand jury during its five hour session, was aroused from a sound sleep about 1 a. m. Tuesday. Arbuckle, it is said, declined to make any statement further than to explain that his lawyers had advised him to keep silent.

Bathing Girl Is Quizzed by Brady.
San Francisco—Miss Roy Provost, motion picture bathing girl, was questioned by District Attorney Brady Tuesday regarding testimony she gave before the grand jury in support of her claim that she had been in conflict with her other statements to the authorities concerning her later testimony in the hotel party where Miss Virginia Rappé, motion picture actress, is alleged to have received the pictures from which she died. Simultaneously Roscoe C. (Pat) Arbuckle, motion picture comedian, who is charged with murdering the bathing girl, before a coroner's jury in the second day of the inquest into the actress' death.

District Attorney Brady said he was going to endeavor to determine if Miss Provost, who is also known as Roy Pyrvon, was induced to commit perjury in her grand jury testimony Monday night.

This testimony differed widely with statements made to him and Captain of Detectives Matheson, Brady said.

Mrs. Bambina Maude Delmont, who brought the murder charge against Arbuckle, was the first witness at the inquest today.

Roscoe's Sister Upholds Actor.
Los Angeles—Roscoe (Pat) Arbuckle's only sister, Mrs. Nora Arbuckle St. John, mother of Al St. John, also a motion picture actor, on Tuesday told newspaper reporters her brother "had taken care of himself since he was 14 years old and never asked help of his relatives, but since he had made his fortune he had always been generous to his own people."

"He has done many kind things for me and my family," she said, "and for my brother at Fresno."

"I know my brother too well to believe he would do anything dishonest or unbecomingly to a woman. He has the kindest, tenderest heart in the world."

She said Arbuckle was "born fat," having weighed 16 pounds at birth.

NAME MRS. HOOPER TO STATE BUREAU

Janesville Woman on New Body for Care of the Blind.

Mrs. Maude Hooper, Janesville, was appointed Tuesday by Governor Blaine as a member of the state bureau for the care of the blind, established by the last legislature. There are three members of the bureau.

Mrs. Hooper is the wife of J. T. Hooper, superintendent of the state school for the blind here, and is in close touch with the situation in Wisconsin.

The two other members appointed by the governor were Dr. G. J. Hogue, Milwaukee, a specialist on diseases of the eye, and a former member of the 32nd division; and Frank C. K. Lode, Milwaukee, a business man.

An appointment of Mrs. Hooper's appointment comes but a week after the tenth anniversary of Mr. Hooper's appointment as head of the school.

The sum of \$25,000 was appropriated by the legislature for the work of the bureau this year. The headquarters will probably be in Milwaukee.

According to Mr. Hooper there are between 2,000 and 2,500 adult blind in the state, and only about 200 have been able to earn a livelihood. The work of the bureau will be to prepare statistics, to have charge of the educational and finding of jobs for the blind and looking after general welfare. More money will be appropriated by the state as it is required. Care of the blind of the state in the past has been only what was left over by the state school which has a few adult pupils and the summer class for adults, and help in a few individual cases.

LEGION IN MEETING WEDNESDAY NIGHT

The first fall meeting of the year, following the summer vacation, will be held by the Richard Ellis post of the American Legion at 8 p. m. Wednesday in Moose hall in the Myers theatre building.

Important steps to make the coming season an exceptionally active one will be taken up. Plans for entertainment and dances with the Deloit post will be discussed.

Carl Vost has arranged some new entertainment to give a finishing touch to the meeting.

BOOK EXCHANGE CUTS HIGH COST TO PUPILS

The book exchange inaugurated last year at the high school and conducted by the city club has been almost in half, the high price of text books. Students passing to a higher grade have in this way been able to rid themselves of the last year's books at a low price and buy books for the coming year's work. The books offered at a high price are sure to be left on the shelves as competition is keen. Several hundred books have been disposed of this year through this medium.

2 LOCAL THEATERS TO BAR ARBUCKLE FILMS IN FUTURE

Refused to exhibit pictures of Roscoe (Pat) Arbuckle, the movie actor, accused of murdering Miss Virginia Rappé in an alleged orgy at his apartment in San Francisco is complained by the Myers and Apple theatres of Janesville.

"You bet I will not put on 'Pat' Arbuckle," said James Zarins, manager of the Apple. "I will not show him even if he is a star."

Arbuckle appeared in "The Dollar a Year Man" at the Myers theatre. It was his last time, says Charles C. Boulton.

"That was a terrible thing and it would be distinctly against my policy to run pictures of such a man," he declared.

The Beverly declared that they were not decided what they would do regarding Arbuckle films.

"I got up and walk out of any theater showing an Arbuckle film," declared Mayor T. B. Welsh. "This outrage has impressed me more than any other tragedy I ever heard of."

Conductors Pay \$5 for Blocking Grade Crossings

Two railroad conductors, J. J. Corbett of the St. Paul, and Edward Kiegher of the Northwestern, were each fined \$5 and costs by Judge H. L. Maxwell, Tuesday, upon pleading guilty to a charge of allowing their trains to block grade crossings here longer than five minutes. The costs amounted to \$2.55 in each case. The two arrests were made by F. F. Wheeler, Milwaukee, assistant Wisconsin attorney for the C. & N. W., and the railroad company paid his fine. Mr. Wheeler assured City Attorney Eugene C. Cunningham in open court that the company is doing all in its power to do away with the blocking of crossings, and that there will be no further violations.

"The city has no complaint against these two men more than any other conductors," said City Attorney Cunningham, "but violations had been frequent and in order to check them the two arrests were made. The city now has temporary relief at least."

Chief Newman stated that conditions have improved 100 percent since the two arrests were made. He does not anticipate any further trouble.

The case against W. J. Bull, charged with having an outside collector, was dismissed upon the report of Dr. L. J. Woodworth, city sanitary inspector, that Mr. Bull has complied with the law and his premises are in first class condition. Similar cases against Edward F. James were held open until Sept. 20 upon his showing that work has been commenced to alleviate conditions and will be completed within a week.

Famous Doctor to be Buried Here

Dr. Oscar King, who died at Lake Geneva, Monday, was famous as a neurologist having first gained public notice in 1895 when he successfully applied toxin of erysipelas in the treatment of cases of malaria and melancholia. He was born near Portland, in 1821 and married Miss Minerva Guernsey of this city at that time a popular reader for all social occasions. She will accompany the body to this city. Short funeral services will be held at the chapel at Oak Hill cemetery, where interment will be made, at 2:30 Wednesday afternoon.

MERRILL VICTOR IN GREAT MATCH WITH KNEELAND

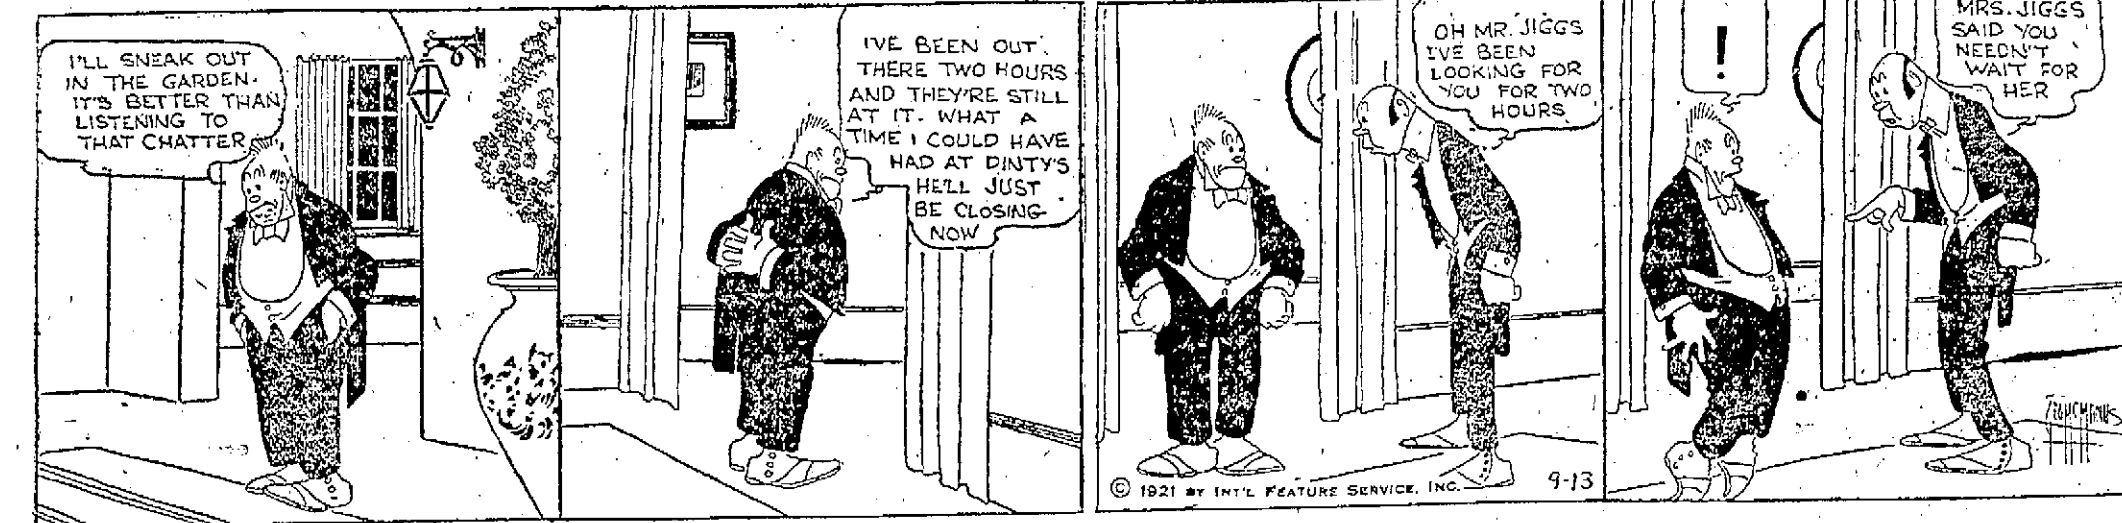

Playing a steady, careful game, Merrill Nowlan put the skids under Charles Kneeland of Milton in the Janesville "Y" tennis meet at the Y. M. C. A. courts Monday afternoon. The score was 6-1 and 7-5.

Elimination of Kneeland leaves four to play in the semi-finals. They are C. K. Patton vs. Merrill Nowlan and George Bennett vs. A. K. DeLand. The dope predicts that the match for the title will be between Bennett and Nowlan. DeLand and Bennett will meet Wednesday afternoon. The other match will be played off in time for the title play to be held on Saturday.

Kneeland started a great rally in the second set. Featuring with a wonderful serve which has been likened to the speed of the famous McLaughlin, he played a smashing game. However, the steady, scientific game of Nowlan, though perhaps not so flashy, nosed him out.

This semi-final was causing tremendous interest. The match between Bennett and DeLand will bring out sensational play. The rivalry between these two is intense.

MLLE. SUZANNE DONE WITH TENNIS HERE

New York—Doubt that Mlle. Suzanne Lenglen would play tennis in this country again this season was expressed by her friends on Monday in commenting on the illness which forced her to stop playing at the Crescent Athletic club after losing one set in an exhibition doubles match. She was to have met Mrs. Molla Bjurstedt Mallory again next Friday at Philadelphia. This match has been definitely cancelled.

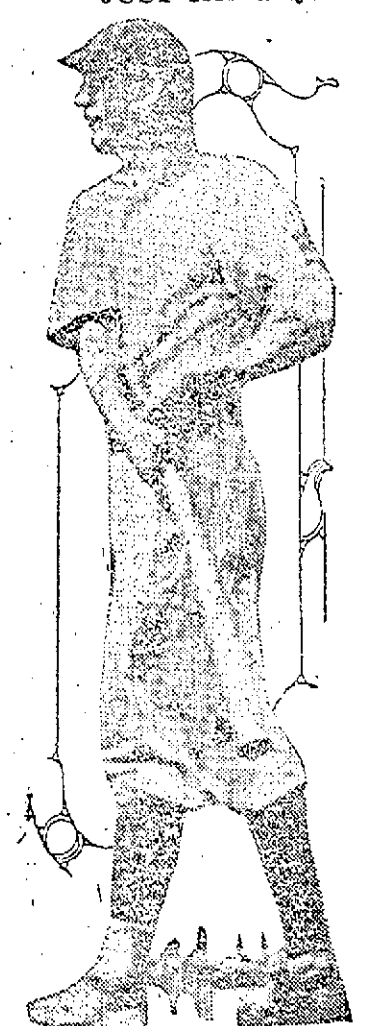

KILLIFER TO PILOT CUBS ANOTHER YEAR

Chicago—Catcher William Killifer on Monday signed a contract to remain with the Chicago Nationals for the 1922 season. William Veeck, president of the club, announced. Killifer became pilot of the Cubs Aug. 4, when John Diers was dropped. Besides being the youngest manager in the league, Killifer is also the only playing pilot.

SPEAKER HURTS KNEE; TEAM LEAVES HIM HOME

Cleveland—Manager Tris Speaker of the Cleveland Indians was not with the team when it left here Monday night on its last invasion of the east and will be out of the lineup indefinitely as a result of a contusion of the right knee joint, sustained on Sunday when he tripped over first base in St. Louis. An X-ray photograph showed there was no fracture.

MILLER FINDS HE JUST CAN'T QUIT

Love of the game dies hard with the old birds in the major leagues. Jack Miller of the Phillies, for instance, has been trying to quit for some time, but can't seem to do it.

"BREW FOR FOOLS"; IF ONE BUT KNEW WHAT MADE HOOTCH

(SPECIAL TO THE GAZETTE)

Jefferson City—An altercation today with the members of the press about the liquor prosecutions in St. Louis County, Attorney General Barrett said there would be no market for moonshine liquor if the people knew what it was. He said the investigators report that it is made under the most filthy conditions.

"The raw materials used are sour and wormy corn and vermin infested sugar," he said. "The vats are located in ancient barns, are open and practically level with the ground. Field rats are attracted and no effort is made to prevent them from falling in to the mixture. When the vats are drained there remains a foul green slime on the sides and bottom of nauseating odor."

"It is a brew for fools. The criminal who catches his greed against men's appetite for selling them this poison is a public menace and should be treated as such. He is daily being blinded for life, killed or made insane by drinking it."

"The work of crushing these traitors to humanity should not be left merely to a few public officials already overburdened with their multifarious duties; commercial associations, civic bodies, improvement organizations, church clubs and all of the organized forces which profess to stand for public health, public morals or public safety, ought to combine to stamp out moonshine as they would a plague or a pestilence."

Average Basis May Decide K. C. Pin Teams

Plans are being formulated by the local council of the Knights of Columbus to form an eight team bowling league. An effort will be made to line up the Casey Pin Knights on an average basis and elect captains for each team.

In recent discussion among the members, it was pointed out that the best way to avoid something later in the season is to start right on the beginning. The only way to avoid this on a fair basis, it was stated, is to average the teams as nearly as possible.

Inter-City Games.

Following the formation here a few weeks ago of a Catholic organization to promote warfare, which takes in such nearby towns as Delavan, Elkhorst and Monroe, it is expected that inter-city pin matches between Casey clubs of these and other cities can be arranged.

According to one member of the organization, it is felt that such inter-city games will do considerable to foster a closer feeling between the several towns and create a fine spirit of fellowship.

"There is nothing like good amateur sport to draw nearby cities closer together and enable the people to get acquainted," he said.

Any help that can be given has been offered the K. C. by the Janesville Bowling association.

CHRISTIANS TACKLE U. B. BALL TEAM

The Christians and the United Brethren are booked to appear against each other in a church league game to be played at the fair grounds Tuesday afternoon. The Christians are in a tie with the Baptists for first place.

TENDER-FREEDMAN TONIGHT

Philadelphia—Rain on Monday caused a postponement until Tuesday night of the scheduled eight round bout between Lew Tender, Philadelphian, and Sailer Freedman, Chicago.

84 Games on Pin Schedule Is New Plan

When the members of the city bowling league meet at the City hall Wednesday night at 8 o'clock, the draft of an 84-game schedule, or four times around, will be presented to them by the committee. This was stated Monday by E. C. Baumann, chairman of the games committee.

While 63 games had been talked of, it was thought by the majority of the bowlers that the four-time around basis would be the best. This would extend the season to early April.

The Industrial league captains will meet at the Gazette office Friday night at 8 o'clock to get lined up for the coming season.

Millon Cook, selected as one of the captains of the teams, writes from Syracuse, N. Y., that he expects to be back in Janesville during the middle of October or the first of November.

"I am very much pleased with the announcement of the new officers of the bowling league and their policies," he says. "I firmly believe that they have the right idea in regard to teams being picked by averages to start on to do away with the one-sided affair of last year."

Plans are being formulated by the league today to form another league this year like the one they ran a year ago.

SPORTING BRIEFS

London—Joe Geckett, former heavyweight champion pugilist of Great Britain, defeated Bob McCormick in their 15 round bout.

New York—The New York National League club, J. P. Heydler, president of the league and Judge K. M. Landis.

SHINNERS OF INDIANS SOLD TO N. Y. GIANTS

Indianapolis—William C. Smith, president of the Indianapolis American association baseball club, announced Monday night that Ralph Shinn, decorated outfielder of the Indians, had been sold to the New York Giants.

A cash consideration and four players to be named later are involved in the deal and are to be delivered to the local club prior to the opening of the 1922 season.

Syracuse, N. Y.—Thomas W. Murphy, driver of Motor Manning, issued a challenge to race Single G. for a stake of any amount from \$10,000 to \$100,000 at the Lexington Grand Circuit.

Cincinnati—Tommy Gibbons, St. Paul light heavyweight, won from Bill Reed, Pacific coast fighter in the second round of a scheduled ten round bout.

SINGLE G. PACES MILE IN 2 MIN.

Syracuse, N. Y.—Single G. the 11 year old pacer, owned by W. B. Barefoot of Cambridge City, Ind., won the champion stake, free for all paces, in the Grand Circuit meeting at the state fair in straight heats on Monday, stopping the second heat in two minutes flat, and equalling the fastest time ever made on the Syracuse track.

HYDERMAN IN 2-HIT GAME FOR CARVERS

With Hyderman holding the Sharon American legion to two hits, the Carver's Rock club won, 14 to 4. Next Sunday, the Carver's outfit plays the Janesville Bake-Rites at Carver's Rock.

DEAN WILL FEATURE COOK COUNTY FAIR

The big program for the Cook county fair at Palestine, Ill., will be the harness races supervised by Charles Dean, whose horses have

featured Janesville fair, and those of Southern Wisconsin. The meet starts Thursday. Hollywood Mac, The Alm, Sir Roach, Summer Song are some of the horses to enter.

ROTARY AND KIWANIS AT GOLF WEDNESDAY

Rotary and Kiwanis club members will meet on the golf links of the local country club Wednesday afternoon in a feature of the joint meeting of the two organizations. In addition there will be indoor baseball, barnyard golf and other athletic stunts.

GIRL SUES FOR WIG MASTICATED BY PUP

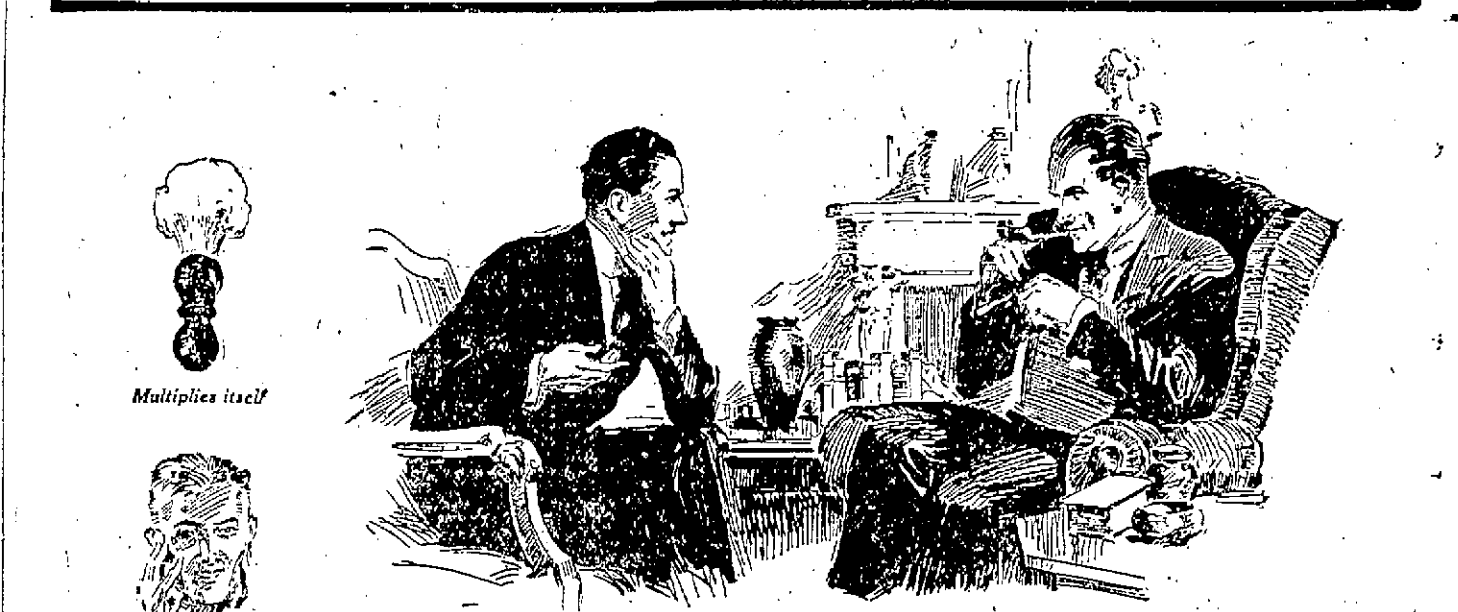

New York—Miss Alice Bloom, a model, wore a \$125 wig when her bobbed hair began to fall out. She was a guest on a yachting trip up the Hudson and her host's pet terrier chewed up the wig when she took it off in her cabin. Result, a suit in the municipal court. Miss Bloom complained for \$50.

STRANGE HEAVENLY BODY IS OBSERVED

Madrid—After a storm at Manresa a singular phenomenon was observed in the heavens. A great luminous rectangular body crossed the firmament from north to east at tremendous speed. It was followed by a luminous trail from which what looked like sparks fell. It is believed to have been a meteor.

A Soothing Shave

Plus four things more

We wanted to give men the benefits of palm and olive oils in shaving.

We knew these softening, soothing oils were the best for the face—for 3,000 years that had been known. But the problem was to apply their balmic blend to a shaving cream.

It was not easy—though we certainly knew soap making well. Our creation of the finest toilet soap known had proved that.

We made up and tested scientifically 130 different kinds of shaving cream. All other known creams also were tested to learn their virtues and their faults. And step by step, and month by month, we improved formulas until perfection was reached in each quality desired.

Formula No. 130 was right

In this formula we found that at last the ideal shaving cream was attained. It proved superior on these tests:

It multiplies itself in lather 250 times. Just one-half glass—a bit of cream—proves plenty for a luxurious shave.

The oil coating on the beard is removed almost instantly. Within one minute the beard absorbs 15% of water—enough to soften the stubberest beard. Such quick efficiency is astonishing.

The lather maintains its rich creamy fullness for ten minutes on the face. Plenty of time to shave.

The palm and olive oils are the supreme lubricant, soft and soothing to the skin. So the need for lotions is ended.

Now test it yourself

Millions have already adopted Palmolive Shaving Cream because of these superiorities.

ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels' great and growing popularity—that is CAMEL QUALITY.
